This enrichment program is designed for children ages 3-5 years old and is open to all children in the community. We are offering a Kindergarten Prep Program where a child can attend the 4 yr old Co-op class in the morning, stay for lunch and attend the enrichment course afterwards. This is a great way to get the little ones ready for the all day kindergarten experience. All classes will be taught by a certified teacher with the help of an aide. No parent assistance in classroom is required.
